

Dear Valued Clients,

From March 2022, the airline Ulendo Airlink rebranded to NYASA EXPRESS with a dedicated management team upholding the tradition and reputation of the company to ensure professional flight services remain available to our loyal agents, commercial partners and passengers.

There has been an old advertisement circulating on various social media platforms selling flights between Lilongwe-Mzuzu-Likoma. We are pleased to inform you that we will offer seat rates to these destinations from 1 March 2023 based on a minimum of 2 passengers travelling. In light of this, we would like to inform you, our Valued Agents and Clients that any specials or promotions we may be running will be officially communicated through our website and social media pages (Facebook, Instagram and Twitter).

For further information on our rates and routes, please head on to our website www.flynyasa.net , download our app on the Google Play store (type Fly Nyasa on the search bar). You may also send an email to reservations@flynyasa.net or alternatively you may give us a call on +265 999 962 910.

Thank you for choosing Nyasa Express for Malawi and regional flying Experience!
